

**OBJECTION TO PLANNING PERMISSION**

To: The Planning Unit, Environment & Community Directorate, Gloucestershire County Council, Shire Hall, Gloucester, GL1 2TH. E: [planningdc@gloucestershire.gov.uk](mailto:planningdc@gloucestershire.gov.uk)

Ref: 12/0008/STMAJW Energy from Waste Facility at Javelin Park.

I object to this planning application and ask that permission be refused because:

- The proposed incinerator is expensive, outdated technology – there are much cheaper, better, less visibly intrusive and safer alternatives.
- I am worried that the incinerator may affect health and the environment.
- It would have an unacceptable visual impact, flouting the 15.7m limit on the site.
- Entering into a 25-year contract when future waste need is unknown is reckless
- Waste in Gloucestershire has and is reducing – this incinerator is not needed.

**REQUEST FOR CALL-IN OF PLANNING APPLICATION**

To: The Rt Hon Eric Pickles MP. Secretary of State for Communities and Local Government, Department for Communities and Local Government, Eland House, Bressenden Place, London SW1E 5DU. E: [eric.pickles@communities.gsi.gov.uk](mailto:eric.pickles@communities.gsi.gov.uk)

Ref: 12/0008/STMAJW Energy from Waste Facility at Javelin Park, Gloucestershire

I am writing to ask you, the Secretary of State, to call in this application for your consideration. **I do not trust Gloucestershire County Council to make a fair and objective decision.** The proposal is of more than local importance because:

- Natural England states that it would adversely affect the nationally important Cotswolds Area of Outstanding Natural Beauty.
- The application flouts the height limit of 15.7m set for the site by your office.
- There is overcapacity of residual waste facilities planned in this region.
- Committing taxpayers to a 25-year contract when the future economy, waste technology and waste needs are unknown is irresponsible.
