

CAMPAIGN AGAINST WASTE INCINERATION

Prof. Paul Connett

Director of American Health Studies.org

- Find out how Zero Waste puts the taxpayer on the same side as the environment.
- How can we put our money into recovering resources, not wasting or destroying them?

Free Public Presentation on “ZERO WASTE: A key Stepping Stone to Sustainability”

on Tuesday 11th May 2010 at
Quedgeley Community Centre, School Lane,
Quedgeley, Glos. GL2 4PJ
Tea/Coffee at 6.30pm for 7:00 pm start

The Chair will be Mr Ian Mean, Editor of The Citizen, Gloucestershire

Professor Paul Connett returns to Gloucestershire by popular demand following his recent tour of Europe & talks to **the United Nations on Zero Waste**. He is a world expert on waste management issues, specialising in the dangers of waste incineration and in the safer and more sustainable non-burn alternatives.

Organised by GlosAIN, GlosVAIN and Glos. Friends of the Earth Network, and supported by SWARD (Independent campaigning environmental groups in Gloucestershire)
